What can YOU do to protect the planet?

Join TiME's team and help us spread the word through a monthly newsletter!

This is My Earth (TiME) is looking for a volunteer to craft their monthly newsletter to members. **TiME** is a non-profit, international environmental organization that seeks to **protect biodiversity** by **purchasing land for conservation** in **biodiversity hotspots**, in collaboration with local communities and organizations.

Join our team and help **TiME** spread the word about:

- The **importance** and **urgency** of **protecting biodiversity**
- The amazing habitats that **TiME** is fundraising to protect
- The exciting educational program that **TiME** is putting into classrooms around the world

Build **your CV** and **your network of activists**, environmentalists, conservationists and scientists. Help make real progress in the fight to **protect biodiversity** from extinction and mitigate climate change.

You are an **ideal candidate** for this position if you:

- Have a university degree in the fields of ecology, biology, environmental sciences, or experience as a science journalist
- Enjoy writing (in **English**)
- Are familiar with **Mailchimp**
- Are self-motivated to propose topics for the **monthly newsletter** and to complete the newsletter on time each month
- Are a team player, willing to work with **TiME's chief editor, social media coordinator** and other **TiME staff and volunteers**
- Can commit to volunteer for **at least one year**

Work for **TiME from wherever you are in the world** — we have staff and volunteers living in every continent on the planet (except Antarctica) — and help **TiME** encourage every citizen on Earth to **protect biodiversity**.

Please contact Liat at liatr@this-is-my-earth.org if you have any questions. Apply to be **TiME's newsletter editor** by sending Liat a paragraph explaining why you are interested in this volunteer position and what makes you a perfect fit for **TiME**.
